## **About INFLUENCER**

"Influencer Training provides proven strategies for leaders to uproot entrenched habits and execute change initiatives in teams and entire organizations".

We do our best to motivate employees to demonstrate more concern for profitability. We struggle to enable our teams to complete projects on time and on budget. ## **Are you frustrated by failed change efforts?**

Do you experience resistant and persistent personal, team or organizational problems? Now, after years of research and numerous case studies from influence masters around the world, We bring you the ideal combination of strategies and skills designed to help create positive, lasting change

## **How Influencer Training can help you:**

- Successfully lead change initiatives in your organization.
- Transform corporate culture
- Reduce errors and project failures
- Diagnose the real causes behind problems and create real solutions
- Influence across the organization—with or without formal authority.

## Discover the Six Sources of Influence

Research has revealed that people who employ all six personal, social, and structural influence strategies are ten times more likely to achieve desired outcomes than those who use only one or two.
