Rayhan BEEBEEJAUN, renowned leader in AI, international speaker at London Tech Week, CogX, YPO, Sanita and more, guest lecturer and Author of Peer-Reviewed Scientific Articles at the intersection of AI/ML and Psychology.

His mission is to drive innovation enabling individuals to engage more meaningfully with society, with one-another and with the experience of being human.

He believes, “Innovation for the sake of innovation serves no meaningful purpose. Innovation for the empowerment of humanity is the ideal we must strive for. It is the ideal we must imbue in every technological implementation we embark upon. Together, we can contribute to the beneficial development of the human race and make the world a kinder and more efficient place.
